- We share information with other local agencies about the impact of the strategy
- None of the above
- Others: _____

ADDITIONAL INFORMATION (tick the options that apply)

- We do have a local structure for sharing information about risks from individual domestic violence perpetrators.
- If a court-ordered man drops out of the programme there usually is a swift response from the court and there can be serious consequences for him

Outcome measurement and Evaluation

Do you measure the outcome of your work?

- No
- Yes

Note: By 'measuring outcome' we understand the collection of data on the results of your work, e.g., changes in the use or risk of violence, in the safety of victims, in psychological aspects or symptoms, completion of treatment, etc.

What sources of information do you regularly use to measure the outcome of your work? *(More than one option may be ticked.)*

- Information from facilitators (observation)
- Information from clients
- Information from partner or ex-partner
- Information from victim support services
- Information from other services (eg. social services, health services, etc...)
- Police or court reports
- Other:

What outcome do you measure? *(More than one option may be ticked.)*

	<i>... with your clients</i>	<i>... with the (ex)partners</i>
Non-violence / decrease of violence		
Risk of violence / decrease of risk		
Changes in client's attitudes and beliefs that support violence		
Improvement of client's communication and conflict resolution skills		
Improvement of psychological state (eg. depression, anger, anxiety,...)		
Improvement of client's fathering skills		
Improvement of client's quality of life		
Other		

How do you measure outcome? *(More than one option may be ticked.)*

	<i>... with your clients</i>	<i>... with the (ex)partners</i>
By reviewing notes, observations and information		
By unstructured interview		
By structured interview		
By questionnaire or inventory		
By using the IMPACT toolkit		

When do you measure outcome? *(More than one option may be ticked.)*

	<i>... with your clients</i>	<i>... with the (ex)partners</i>
At the beginning in the initial/intake interviews (pre-test)		
During the programme / mid-way through the programme		
When client finishes the programme		
At follow-up 1 to 3 months after finishing the programme		
At follow-up 4 to 6 months after finishing the		

programme		
At follow-up 7 to 12 months after finishing the programme		
At follow-up 13 to 24 months after finishing the programme		
At follow-up more than 24 months after finishing the programme		

Do you use risk assessment instruments in the intake/clearing phase? *(More than one option may be ticked.)*

- No
- S.A.R.A.
- D.A.
- HCR-20
- SVR-20
- BSAFER
- Oasys
- CAADA-DASH
- PCL
- DV-MOSAIC
- DyRiAs
- Other _____

What documentation and reporting system do you have? *(More than one option may be ticked.)*

- Standardised documentation of social statistic data of clients
- Case-oriented standardised documentation of work
- Case oriented, non-standardised documentation of work (e.g. notes, etc.)
- Data on completion and drop-out
- Specific computerized client information management system (e.g.: REDAMOS)
- Video or audio recordings of sessions
- Annual statistics
- Annual activity report
- Other

Has there been any evaluation of your programme?

- No
- Yes – please say more and include a copy of the report if possible

Note: By 'evaluation' we understand the systematic analysis of a sample of collected outcome data from your programme by an internal or external researcher, usually written up in a report or publication

Thank you – you can use this information to help you complete your annual report using the IMPACT toolkit report pro-forma. Please also send the completed questionnaire to the [WWP-EN network](#).
