[Goodbye to Nina George](#)

A dedicated member of the WWP EN Office for the past four years, Nina George is leaving her position

It is with the utmost respect and gratitude that we say goodbye to our Research and Development Manager Nina George. Over the past years, Nina was the friendly and hard-working face of WWP EN for many members and supporters. Without her heartfelt, critical and forward-thinking input the organisation would not have become what it is today.

Thank you, Nina and see you soon!

[WWP EN Projects](#)

WWP EN is currently involved in three EU projects on a variety of topics

ASAP

A Systemic Approach for Perpetrators (A.S.A.P.) is a two-year project co-funded by the European Commission under the Daphne Programme, which aims to define and implement a model to integrate intervention methods applied to victims and to perpetrators of gender-based violence, in order to foster an efficient network of prevention.

CONSCIOUS

CONSCIOUS is an innovative 20-month project, developing an inter-systemic model for preventing reoffending by perpetrators guilty of sexual abuse and domestic violence. The model will address the lack of evaluation, knowledge and tools that hinder the efficient, inter-systemic and cooperative work needed to significantly reduce reoffending by sexual and domestic perpetrators.

Il Progetto Conscious introduce in ambito intra ed extra carcerario, un modello di trattamento e supporto dedicato a perpetrators e costruisce una rete intersistemica di cooperazione finalizzata alla riduzione della recidiva.

L'approccio progettuale integra attività trattamentali e percorsi di rieducazione e reinserimento sociale.

ENGAGE

ENGAGE is a 2-year project co-funded by the European Commission under the Daphne Programme, which aims to increase the potential of perpetrator programmes to prevent and reduce domestic violence against women and children by improving the quantity and quality of (self-) referrals to these programmes through a coordinated multi-agency response that prioritizes victim safety.
