

### Analysis of the evaluation questionnaires from the 2015 Annual Workshop in Berlin, Woltersdorf

With a response rate of 71%, the overall average was 4,0, on a scale between 1-5,. Best rated was "Good atmosphere to easily get in contact with other participants" with 4,62, worst voted was: "Work in Reflecting teams" with 3,43. But also this is still corresponding to a good grade. The field of networking was generally best voted with 4,55, whereas "Sharing our strengths process" with 3,46 the least well. The average range is 3,2. In the best rated field of networking, the range is 2. Here the participants voted quite similar.

Interpretation: Altogether a very good result with a focus on networking.
